Are You Running Your Business or is Your Business Running You? Virtual Assistant Assistant is the book for entrepreneurs who are looking for a way to take their business to the next level. If you've ever caught yourself thinking there just aren't enough hours in the day, there is a solution. And it won't make you go broke, either. Virtual assistants are essentially telecommuting contractors to your business. This book tells you everything you need to know about virtual assistants, including: Where to find the best ones How to hire them Best practices for working with them on an ongoing basis It's written from firsthand experience, NOT theoretical or academic fluff. You'll learn how a talented virtual assistant can help save you time, money, and headache. Take control of your entrepreneurial life and learn how to effectively outsource your non-essential tasks. You'll free up hours every day to focus on what's really important. In the end, virtual assistants can help you lead a happier, healthier, and more productive and stress-free life. It's possible (and I would argue essential) to unload many aspects of your day-to-day work, leaving you free to tackle the higher-level, strategic, and money-making projects that often get neglected. Time is Our Most Valuable Resource But it's also the resource we are quickest to waste. With this book, you may not achieve the 4 Hour Work Week right away, but you'll get actionable advice on how to get started with outsourcing. The world's most successful people didn't get there alone; they all had help along the way. What are you waiting...
