Death's Dominion: Ethics at the End of Life

By Simon Woods

Open University Press. Paperback. Book Condition: new. BRAND NEW, Death's Dominion: Ethics at the End of Life, Simon Woods, "I enjoyed reading this book very much. It is very readable and well argued using real life cases and thought experiments as well. The book provides the reader with a short history of and an overview of the most important issues in modern palliative care. Various theoretical discussions are clearly set out, such as: the relationship between the hospice movement and modern palliative care, between palliative care and health care in general, between palliative sedation and euthanasia, and the question whether euthanasia can be part of palliative care. The author starts with exploring the existing debates and then develops his own arguments in a balanced and well-structured way." Medicine, Health Care and Philosophy "The text of this book is accessible, the philosophical and ethical arguments are clearly articulated, and relevant ethical principles are integrated into the critique of the issues, making this a very useful book for nurses working in palliative as well as in general care." Nursing Ethics "It is crucially important for any student or researcher who is seriously considering ethical and policy matters at the end of life to..."
