By Meredith Quartermain

NeWest Press. Paperback. Book Condition: new. BRAND NEW, Nightmarker, Meredith Quartermain, There's an automatic impulse within the human species, the way its cities spring up all over the planet just as ant colonies do. Humans reproduce by way of towns and metropolises, replicating the bee-dances of the Romans, Greeks, and Babylonians, unconsciously invoking rituals of the past in tranceful reveries of the future. In expeditions to City Hall, the police station, the sugar refinery, and the courthouse, "Nightmarker" explores the human city as an animal behavior, a museum, and a dream of modernity. It also records the journey of Geo, an earth-geist, who struggles to comprehend humanity's siege of Earth while enabling us to examine the human condition, bound as it is by the drive to evolve, multiply, and simply exist.
