

## Surfaces: Visual Research for Artists, Architects, and Designers (Surfaces Series)

By Juracek, Judy A.

W. W. Norton & Company, 1996. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Looking for images of architectural materials? Surfaces offers over 1,200 outstanding, vibrantly colorful visual images of surface textures - wood, stone, marble, brick, plaster, stucco, aggregates, metal, tile, and glass - ready to be used in your designs, presentations, or comps, as backgrounds or for general visual information. Photographed by a designer for designers, these pictures show specific materials and how they change with time, weather, wear, and different lighting. Each section offers general views of the material, a gallery of commonly used or manufactured samples, and hundreds of specimens showing types and finishes in architectural settings. Captions provide information about the physical properties, dimensions, construction techniques, specific varieties of the material, and types and styles of treatments. Interviews with eight design professionals provide practical advice on how they approach visual research, and a comprehensive glossary of visual and technical terms offers a vocabulary for professional communication. An index of subject matter and materials makes it easy to find just the image you need. CD-ROM included: easy-to-use screen resolution TIFF files of every image!.
