HarperCollins Publishers Inc, United States, 2001. Paperback. Book Condition: New. 201 x 135 mm. Language: English . Brand New Book ***** Print on Demand *****.Everything You Ever Wanted To Know About The Music Your Parents Never Wanted You To HearBelieve it or not, music censorship in America did not begin with Tipper Gore s horrified reaction to her daughter s Prince album. The vilification of popular music by government and individuals has been going on for decades. Now, for the first time, Parental Advisory offers a thorough and complete chronicle of the music that has been challenged or suppressed -- by the people or the government -- in the United States.From Dean Martin s Wham, Bam, Thank you Ma am to Marilyn Manson s Antichrist Superstar; from freedom fighters such as Frank Zappa and in-your-face rappers such a N.W.A. to crusaders such as Tipper Gore, this intelligent and entertaining book shows how censorship has crossed sexual, class, and ethnic lines, and how many see it as a de facto form of racism. With nearly one hundred fascinating photographs of musicians, record burning, and controversial cover art; illuminating sidebars; and a decade-by-decade timeline of important moments in censorship history, Parental Advisory is by turns frightening and hilarious -- but always revealing.
